

DISABILITY POLICY

The Club aims to ensure that the teaching and coaching the club provides is as inclusive as reasonably possible, irrespective of any disability the person may have.

The club will not discriminate against a disabled person:

- By refusing to provide teaching and coaching opportunities which are available to other club members
- In the standard of teaching and coaching it provides to the disabled person or the manner in which it provides it
- In the terms on which it provides teaching and coaching to the disabled person

The club will endeavour to provide appropriate training to raise awareness of disability issues and meet the needs of disabled people.
